Newark, New Jersey.

Dear Mrs. Manley:

Enclosed you will find a letter dated September 21  
and the letter to which it refers, which we received  
from the N. Y. State Tax Dept.

In our letter to you, dated June 6, 1938, we forwarded  
the required forms and asked you to return them to  
us for notarization and filing.

It seems as though these forms were never filed nor  
paid for. Perhaps this occurred because you didn't  
know whether or not you were going to continue the  
corporation.

Please investigate this matter and let us know just  
what you intend to do about the corporation and about  
these taxes.

Very truly yours,  
J. C. Abramson and Company
